Explanatory Notes

中山大学本科课程的成绩与绩点（5 分制）对应关系如下：

The course scores adopt the following 5-point-scale grading system for undergraduate programs.

百分制 100-mark System	绩点数 Grade Points
90-100	4.0-5.0
80-89	3.0-3.9
70-79	2.0-2.9

绩点按照成绩单上所有课程计算，计算公式为：

GPA＝∑(课程的绩点数*课程学分) / ∑课程学分。

GPA is calculated according to all courses on the transcripts. The calculation formula is as follows:

GPA=∑(Course Grade Point*Course Credits)/∑(Course Credits)

成绩标注（2017 年 9 月起）：

Scores symbols used in the transcripts (since September 2017) :

重修：重新修读课程并考试。

RC: Retake the course and exam.

补考：重新参加考试。

RE: Retake the exam.

缓考：获准延期考试。

DE: Delayed exam was approved.

课程成绩不及格，可以重修或者补考。重修与补考只是方式不同，不代表学生学习能力的高低。

If a student failed a course, there are two alternatives: to retake the course and exam or to retake the exam only. RC and RE are only two options to complete a course, both of which cannot be used to assess a student's academic ability.

重修、补考成绩与绩点（5 分制）对应关系如下：

The 5-point-scale GPA calculations of RC/RE scores and letter grades are as follows :

重修补考百分制成绩 RC/RE 100-mark System	绩点数 Grade Point

关于中山大学学期制的说明

Explanation for SYSU Academic Years and Terms

中山大学 2008 学年之前实行两学期制，2009 学年至 2015 学年实施三学期制，2016 学年恢复两学期制。

2012 学年夏季学期从第三学期调整为 2013 学年第一学期，因此，2012 学年没有夏季学期。

学生按照专业培养方案修读课程，如果学院在夏季学期没有安排专业课程，学生可以自主决定是否选读其他课程。因此，学生在夏季学期没有成绩记录属于正常情况。

There had been two terms in one academic year at SYSU before August 2009 and three terms in one academic year from September 2009 to August 2016. SYSU has readopted the two-term system since September 2016.

The summer term of 2012 Academic Year was shifted from the 3rd term to the 1st term of 2013 Academic Year. Therefore, there was no summer term for 2012 Academic Year.

Students take courses according to the undergraduate programs. If there had been no major courses arrangement for certain summer terms, students could decide for themselves whether to take other general courses, which might lead to no score record of summer terms on the transcripts.

夏季学期(4.5 周)如下所示。
